54 - Sheet Metal Worker

Minimum requirements: Experience: One (1) year as a Sheet Metal Worker;

Education: 12th grade

Wage rate: \$17.66 per hour; Overtime: \$26.49 per hour

(Special wage rate: Work to be performed on DPRI-funded projects will be paid no less than \$17.66 per hour/\$26.49 overtime rate, and will be paid more where special Davis-Bacon Act rates apply.)

Duties: Plans, lays out, fabricates, assembles, installs, and repairs sheet metal products and equipment, and products such as air conditioning duct work. Utilizes knowledge of working characteristics of metallic and nonmetallic materials, machining, and layout techniques, using hand tools, power tools, machines, and equipment. Reads and interprets blueprints, sketches, or product specifications to determine sequence and methods of fabricating, assembling, and installing sheet metal products. Selects gauge and type of sheet metal and lays out and marks dimensions and reference lines on material. Drills and punches holes in metal, for screws, bolts, and rivets. Fastens seams and joints together with welds, bolts, cement, rivets, solder, caulks, metal drive clips, and bonds to assemble components into products or to repair sheet metal items. Installs air conditioning duct work and other assemblies and installs HVAC duct wrap insulation. Fabricates or alter parts at construction sites, using shears, hammers, punches, and drills. Trims, files, grinds, deburrs, buffs, and smooth surfaces, seams, and joints of assembled parts, using hand tools and portable power tools.

Benefits: Round-trip airfare for off-island hire; Food and lodging provided @ \$80.00 per week; local transportation from employer's designated lodging facility to/from jobsite; and employer provided health and medical insurance.

Successful applicant must be able to obtain military base access. Off-island hires must complete a health screening prior to working in Guam.
